

2024 YEAR IN REVIEW

A MESSAGE FROM OUR LEADERSHIP

Dear Friends of the Rhode Island Free Clinic,

We are delighted to share the Rhode Island Free Clinic's 2024 Year in Review. This past year was one of remarkable growth and progress, highlighted by the appointment of Jessica Eagles as our new CEO in late October. Our leadership team brings expertise in clinical operations, strategic partnerships, human resources, and development which continues to guide our daily initiatives while ensuring we remain steadfast in our mission to provide comprehensive, high-quality healthcare services to uninsured adults across Rhode Island.

A major milestone in 2024 was the completion of our 2024-2027 Strategic Plan, which charts a bold course for the next three and a half years. Through this plan, we will enhance patient care by optimizing our capacity and improving service delivery, strengthen quality assessment efforts to ensure the highest standards of care, augment our organizational structure to support workforce development and sustainability, and secure essential financial resources to achieve our healthcare goals.

Our impact is made possible through our partnerships with volunteers, academic institutions and community organizations along with the charitable support of so many individuals, corporations and foundations. It is your continued support and partnership that allows us to continue serving those in need and striving toward our vision: ensuring that every uninsured Rhode Islander has access to quality healthcare.

As we build on the momentum of our 25th anniversary year, we reaffirm our commitment to the values that define us: respect, dedication, community, patient-centeredness, and quality. The Rhode Island Free Clinic remains a beacon of health and a trusted community partner, and we could not do this work without you.

Thank you for your continued support. Together, we are making a difference.

Jessica Eagles
RIFC CEO

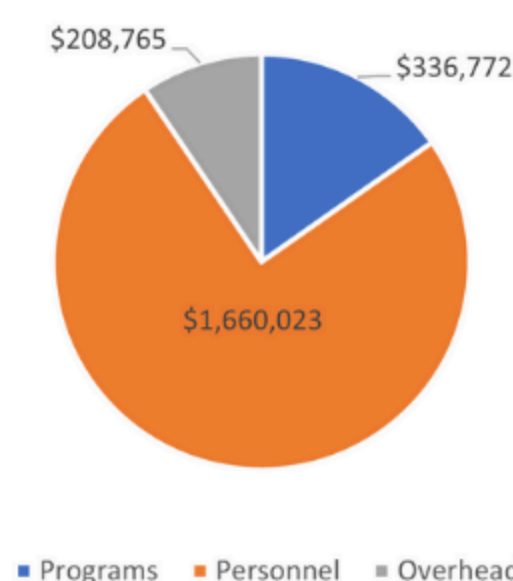

Carrie Bridges, MPH
President, Board of Directors

PATIENT VOICE

"I am from Guatemala and had never been to a dentist before and was terrified of going to the dentist. I was very frightened to go to my first visit at the dental clinic but was very happy that everyone spoke Spanish and understood my fears. I had a large hole growing on the side of my front tooth. Dr. Sotelo fixed it for me and nobody would ever know that I had a big hole there before. I feel younger and better about myself without that hole"
